RACING AT LAKESIDE - an update.

Following support from Shane King and Cameron Dick a meeting was held between the MBRC and Queensland Raceways management on December 7 to discuss the options that could be made available in order for racing to recommence at Lakeside. Some understandings have been achieved and the MBRC has shown that it is willing to reconsider its position on the noise limits currently being enforced.

Whilst we are a long way from a permanent resolution that will enshrine Lakeside's right to operate in the long-term, we are optimistic that some temporary moratoria of the type that Lakeside did have between 2010 and 2016, can be implemented in the short term and hopefully in time for the historic Tribute race meeting in March this year.

It would be very helpful if you could send a note to Shane King and Cameron Dick to thank them for the support and respect that they have already shown for Lakeside and your chosen sport; the sport that has saved more lives and has the best green credentials of any sport on the planet.

Once again we thank you for your patience whilst we work to get this unfortunate situation resolved.

Sincerely,

John Tetley
CEO ~ Qld Raceways
